

Fellow Colleagues,

December 11, 2006

The Learning Circle exists to support General Educators, Special Educators, and Administrators in their fulfillment of the SAU philosophy of inclusion of students while promoting educational gain. The Learning Circle will: facilitate reflective practice groups around topics of interest, enhance knowledge of curriculum, instruction resources, technology, assessment, and unify the SAU by establishing greater relationships with others.

The Learning Circle meets monthly and is made up of multidisciplinary educators and administrators representing each building in our SAU. Our mission statement above briefly describes what we are about. We would like to ask for a few minutes of your busy day and request that you fill out this brief survey. The purpose of gathering this information is to catalog SAU wide resources including skills, software, hardware, books, and materials. Ultimately our aim is to make this information available district wide.

1. Do you possess a skill that you would be willing to share with the SAU?
2. Do you have a software program you would be willing to share with the SAU?
3. Do you have hardware or equipment you would be willing to share with the SAU?
4. Do you have programs or materials you would be willing to share with the SAU?
5. Please list the specific skill, software, hardware, materials, you would be willing to share within the SAU. _____
