Project Plan

Over the next few months in magnet you will be asked to work on a Magnet related project. You may work with other students, but you will need to make a presentation of your work to other students and adults. You will also need to write up your project.

My project is:

I plan to work with:

I will need to work with the following adults:

I will need to have access to the following resources:

I will know I have been successful when:

List the major steps that will be necessary to complete your project.

What kind of product or presentation are you planning at this point?
